SUMMARY

Enthusiastic MERN Stack Developer with a passion for crafting dynamic web solutions. Possessing a solid grasp of MongoDB, Express.js, React.js, and Node.js, I bring strong problem-solving skills and a collaborative spirit to every project. Eager to contribute to innovative initiatives while further honing expertise in web development

PROJECTS

PERSONAL WEBSITE

<https://sharuk-personalsite.vercel.app>

- Designed and developed a fully responsive personal website using React.js, Tailwind CSS, and JavaScript. Implemented modern design principles and utilized Tailwind CSS for efficient styling, ensuring optimal user experience across various devices and screen sizes.
- Implemented email functionality using Email.js, allowing visitors to directly contact you through the website. Integrated Email.js to securely handle form submissions and facilitate communication, enhancing user engagement.
- Used React.js to create an engaging UI with smooth navigation.

IZHTECH WEBSITE

<https://www.izhtech.com>

- Utilized HTML, Tailwind CSS, and React.js to convert a Figma template into the IzhTech static website while preserving design consistency and adding subtle enhancements.
- Refined Flobite tabs and background imagery with meticulous attention to detail, resulting in a visually polished and cohesive presentation that resonates with the target audience.
- Used React.js to create interactive elements, enhancing the user experience on the website.

E-COMMERCE WEBSITE

https://drive.google.com/file/d/1WTanwksp6kTk_CPg9j3bjrkjc_97ZpUR1/view?usp=sharing

- Comprehensive E-commerce Solution: Engineered a dynamic e-commerce platform from scratch, leveraging HTML, Tailwind CSS, JavaScript, React.js, Redux, Node.js, Express.js, SQL, and JWT authentication.
- Scalable Backend Architecture: Orchestrated a resilient backend infrastructure using Node.js and Express.js, integrating SQL databases for efficient data management and implementing Multer for seamless file uploads and JWT for secure user authentication.
- Enhanced Performance and User Experience: Optimized website responsiveness and user engagement through Axios for API interaction, Tailwind CSS for responsive design, and Redux for streamlined state management, culminating in a seamless and intuitive e-commerce journey.

EXPERIENCE

Rexknar Creative Solution

FULL STACK DEVELOPER INTERN • July-2023-Dec-2023

- As a Full Stack Developer Intern, I gained hands-on experience with the MERN stack and actively participated in the development lifecycle of web applications.
- Assisted in building and deploying features using MongoDB, Express.js, React.js, and Node.js, under the guidance of senior developers.
- Collaborated effectively within a team environment, contributing to discussions, sharing insights, and problem-solving to meet project objectives.
- Demonstrated a proactive attitude towards learning, regularly engaging in self-study and training to deepen understanding of MERN technologies and best practices in software development.
